

1.Admin login

The image shows a web browser window displaying an admin login page. The browser's address bar shows the URL: `localhost/OnlineFlightBooking-PHP%20(1)/OnlineFlightBooking-PHP/admin/login.php`. Below the address bar, there are several bookmark icons: Gmail, YouTube, Maps, Imported from IE, and Translate. The page itself has a dark blue header with the text "ADMIN PANEL" on the left. The main content area is a dark blue gradient. In the center, there is a white rectangular box with the title "ADMIN LOGIN" in bold. Below the title, there are two input fields: "Username/ Email" and "Password", each with a small icon to its left. Below these fields is a red button with a white right-pointing arrow and the text "Login".

4. User registration

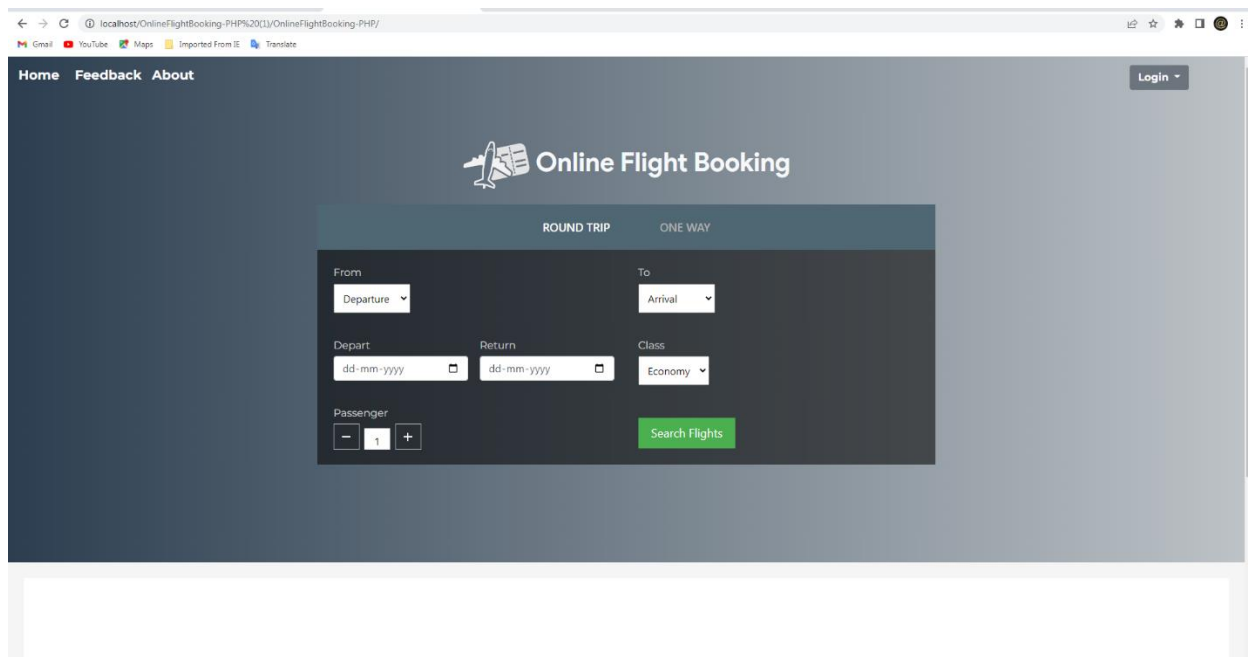

The screenshot displays a web browser window with the address bar showing the URL: `localhost/OnlineFlightBooking-PHP%20(1)/OnlineFlightBooking-PHP/register.php`. The browser's top navigation bar includes links for [Home](#), [Feedback](#), and [About](#), along with a [Login](#) button. The main content area features a registration form titled "PASSENGER REGISTRATION". The form contains four input fields: "Username" (with a user icon), "Email" (with an email icon), "Password" (with a lock icon), and "Confirm password" (with a lock icon). A teal "Complete" button with a right-pointing arrow is positioned below the fields. The background of the page is a dark blue gradient.

5.User login

The screenshot displays a web browser window with the address bar showing the URL: `localhost/OnlineFlightBooking-PHP%20(1)/OnlineFlightBooking-PHP/login.php`. The browser's address bar also includes icons for Gmail, YouTube, Maps, and a search bar. The page features a dark blue header with navigation links: [Home](#), [Feedback](#), and [About](#). In the top right corner, there is a [Login](#) button with a dropdown arrow. The main content area is a light gray box titled **LOG IN PANEL**. It contains two input fields: **Username/ Email** and **Password**. Below the password field is a [Reset Password](#) link. At the bottom of the login panel, there are two buttons: a blue [Register](#) button with a user icon and a green [Login](#) button with a right arrow icon. The footer of the page shows the text *Online Flight Booking* with a small airplane icon.

6. Flight booking (Round trip)

The screenshot displays a web browser window with the URL `localhost/OnlineFlightBooking-PHP%201/OnlineFlightBooking-PHP/`. The browser's address bar includes links to Gmail, YouTube, Maps, and a Translate button. The website's navigation bar features links for [Home](#), [Feedback](#), and [About](#), along with a [Login](#) button. The main heading is **Online Flight Booking**, accompanied by an airplane icon. Below this, there are two tabs: **ROUND TRIP** (selected) and **ONE WAY**. The flight search form is divided into several sections:
 - **From:** A dropdown menu currently showing "Departure".
 - **To:** A dropdown menu currently showing "Arrival".
 - **Depart:** A date input field with the placeholder "dd-mm-yyyy" and a calendar icon.
 - **Return:** A date input field with the placeholder "dd-mm-yyyy" and a calendar icon.
 - **Class:** A dropdown menu currently showing "Economy".
 - **Passenger:** A section with minus, plus, and a central box containing the number "1" to adjust the count.
 A green **Search Flights** button is positioned to the right of the passenger controls.

The image is a screenshot of a web browser displaying a flight booking application. The browser's address bar shows the URL 'localhost/OnlineFlightBooking-PHP%20(1)/OnlineFlightBooking-PHP/index.php?login=success'. The page has a dark blue header with navigation links: 'Home', 'My Flights', 'Tickets', 'Feedback', and 'About'. On the right side of the header, there is a user profile 'Sabari' and a 'Logout' link. The main content area has a dark blue background. At the top, there is a logo of a plane and the text 'Online Flight Booking'. Below this, there are two tabs: 'ROUND TRIP' and 'ONE WAY'. The 'ROUND TRIP' tab is selected. The form contains fields for 'From' (Departure), 'To' (Arrival), 'Depart' (dd-mm-yyyy), 'Class' (Economy), and 'Passenger' (1). A green 'Search Flights' button is at the bottom right of the form.

8. Passenger details

The screenshot shows a web browser window with the URL `localhost/OnlineFlightBooking-PHP%202021/OnlineFlightBooking-PHP/pass_form.php`. The browser's address bar and tabs are visible. The website has a navigation bar with links: Home, My Flights, Tickets, Feedback, and About. A user profile 'Sabari' is logged in, with a 'Logout' link. The main content area features a 'PASSENGER DETAILS' form. The form is enclosed in a dashed border and contains the following fields:

Firstname	Middlename	Lastname
Sabarina		Satheshkumar

Contact No	DOB
8428071131	26-02-2002

At the bottom of the form is a green button labeled '→ Proceed'.
